

Tomato Paste

Company Overview

Kian Trading Company is the largest producer and exporter of tomato paste in the Middle East, operating in this field with increasing the quantity and quality of products. This company produces and sells completely organic products based on international standards and with using advanced production lines, which are equipped with high-tech technologies and machines, as well as using quality and health testing laboratories. The tomatoes used in Kian Trading Company are completely free of stains and pests, and no chemical fertilizers have been used in the planting and holding stages. Kian tomato paste, is available to customers in the region, both in bulk and packaged with different sizes.

Business Description

Tomato paste is a tasty and popular product that is used as a condiment in many foods. The nutritional value of this product is like tomato and it is rich in iron, potassium and B vitamins. Tomato is the main raw material for the production of tomato paste, which after washing and sorting, is crushed and turned into tomato paste during the cooking process, and finally packed by a filling machine in sanitary containers with lids. With the increase in global demand for this product, many countries in the world have started to produce tomato paste. China, with producing and supplying 25% of the world demand, ranks first in the world, followed by India, Pakistan and Turkey are ranked second to fourth in terms of production of this product. Meanwhile, Kian Trading Company has increased the quantity and quality of its products by increasing production lines, and by producing more than 850,000 cans of high-quality tomato paste per day, and has managed to be the top producer and exporter of tomato paste. Iraq, Turkey, Russia, UAE, Afghanistan, Kazakhstan and Oman, are the most important countries that are applying to buy tomato paste from Kian Trading Company.
